Statement of intent

At **St Matthias Academy** we understand the need to continually deliver high quality education, including during periods of remote working – whether for an individual pupil or many. We recognise the importance of maintaining high expectations in all areas of school life and ensuring that all pupils have access to the learning resources and support they need to succeed. **We also recognise the particular barriers to remote learning within our school population which make home learning especially challenging for our cohort.**

Through the implementation of this policy, we aim to address the key concerns associated with remote working, such as online safety, access to educational resources, data protection, and safeguarding. During the first lockdown period, all parents/ carers who responded were happy that learning was accessible and paper-based. We recognise that some pupils may not have access to digital devices so have acquired devices which can be loaned where required. In the meantime, paper-based learning packs will be supplied. The vulnerability of our pupils and the increased prevalence of risk means we rigorously risk assess all pupils.

If there is an incident of unsafe behaviour constituting a Health and Safety risk to the school population, such as failure to follow Covid secure practices of maintaining social distance / wearing face masks (unless exempt), coughing, sneezing, biting or spitting towards anyone, then a risk assessment will be carried out and parents/carers will be contacted. This may require a period of home learning whilst the risk assessment is completed. If the actions are repeated or perceived as deliberate, namely purposefully putting someone else's safety at risk, there will be a requirement for the pupil to engage in a programme of home learning. This is covered in our 'Learn@ Remote Learning Policy' and our 'Engagement Policy' and ensures your child can still access learning. We will regularly review the risk assessment, and they will be welcomed back onto the Academy site when we all determine that the pupil is no longer a risk to the health and safety of others.

This policy aims to:

- Minimise the disruption to pupils' education and the delivery of the curriculum.
- Ensure provision is in place so that all pupils have access to high quality learning resources.
- Protect pupils from the risks associated with using devices connected to the internet.
- Ensure staff, parent, and pupil data remains secure and is not lost or misused.
- Ensure robust safeguarding measures continue to be in effect during the period of remote learning.
- Ensure all pupils have the provision they need to complete their work to the best of their ability, and to remain happy, healthy, and supported during periods of remote learning.
